

TCT

CUTTER ADAPTERS

PRECISION • STRENGTH • PERFORMANCE

ADAPTER		DESCRIPTION
	FEIN TO WELDON	Converts FEIN quick-release arbors to Weldon shank for secure and stable connection.
	UNIVARSL TO WELDON	Universal fit adapter that converts various arbors to Weldon shank for versatile applications.
	19.05MM TO 31.75MM	Steps up from 19.05mm to 31.75mm for larger cutter capacity and increased stability.
	31.75MM TO 19.05MM	Steps down from 31.75mm to 19.05mm for smaller cutter compatibility and precise performance.
	19.05MM WELDON DRILL BIT ADAPTAR	Converts 19.05mm Weldon shank to standard drill bit for drilling applications.

PREMIUM QUALITY

Made from high-grade material for long lasting performance.

PRECISION ENGINEERING

Accurate fit for maximum efficiency and minimal runout.

STRONG & DURABLE

Built to withstand heavy-duty cutting and drilling tasks.

WIDE COMPATIBILITY

Suitable for various arbors and cutting tools.

RELIABLE PERFORMANCE

Ensures smooth operation and consistent results in every application.

BUILT FOR PROFESSIONALS. DESIGNED FOR PERFORMANCE.
