

PREMIUM QUALITY

HSS SOLID TWIST DRILL BIT

PRECISION • PERFORMANCE • DURABILITY

Manufactured from High Speed Steel (HSS)
for superior performance, precision drilling
and long tool life.

HIGH PRECISION

135° Split Point for
accurate & fast drilling

PREMIUM HSS

Made from high quality
High Speed Steel for
long tool life

DURABLE & RELIABLE

Heat treated for
enhanced hardness
and wear resistance

WIDE APPLICATION

Ideal for Alloy Steel,
Carbon Steel, Cast Iron,
Aluminum & more

TAPER SHANK

- Morse Taper Shank
- Secure grip & accurate alignment
- Ideal for heavy duty drilling

STRAIGHT SHANK

- Straight Shank for general purpose use
- Suitable for drill presses & hand drills
- Easy to fit & versatile

EXTRA LONG SERIES

- Extra reach for deep hole drilling
- Extended length for hard to reach areas
- High rigidity & excellent chip evacuation

ALLOY STEEL

CARBON STEEL

CAST IRON

ALUMINUM

MACHINABLE
MATERIALS

QUALITY YOU CAN TRUST
PERFORMANCE YOU CAN RELY ON

**DRILL STRONG. DRILL PRECISE.
DRILL WITH CONFIDENCE.**
